BrightPeak Ads

FREE META ADS REVIEW

Your Facebook & Instagram ads, reviewed

Prepared for **OC Roofing Systems** · Hoschton, GA

DATE	BASED ON	PREPARED BY
October 2026	Public Ad Library + website	Prriyankarr, BrightPeak Ads

The short version

OC Roofing Systems has kept an ad running since March 7, which shows you're serious about Facebook. The most urgent issue is not in the ad at all: when we used your free estimate form on October 28, it showed a server error, so some requests may not be reaching you. After that, adding a button and a link to the ad, and refreshing it, will give interested homeowners an easy next step.

What we looked at

Active ads	At least 1 active ad on Facebook and Instagram
Oldest active ad	Running since March 7 (about seven and a half months)
Call-to-action buttons	No button on the ad we saw
Where clicks go	No button or link on the ad
Website estimate path	Free estimate page at ocroofingsystems.com/free-estimate/
Estimate form	On October 28 it showed "Server error. Form not sent." when submitted

What we found and how to fix it

1 Your free estimate form showed a server error

HIGH PRIORITY

WHAT WE SAW When we submitted the form on ocroofingsystems.com/free-estimate/ on October 28, it showed "Server error. Form not sent."

WHY IT MATTERS If the form fails for homeowners too, every request sent through it is lost, and you'd never know those people tried to reach you.

THE FIX **Ask your web person to fix the form, then send yourself a test request from a phone and confirm it arrives in your inbox.**

2 The ad has no button or link

HIGH PRIORITY

WHAT WE SAW	Your ad in Meta's Ad Library has no call-to-action button and no link.
WHY IT MATTERS	Interested homeowners have no easy next step, and Meta can only optimize for views, not for estimate requests.
THE FIX	**Add a "Get Quote" or "Learn More" button that goes to your free estimate page once the form works, or use a Meta instant form.**

3 The same ad has run for about seven and a half months

MEDIUM PRIORITY

WHAT WE SAW	The ad has been running since March 7.
WHY IT MATTERS	Local audiences are small, so the same people see the same ad over and over. Fewer respond over time, which usually raises the cost of each lead.
THE FIX	**Add a new version with photos of a recent roof in Hoschton, Jefferson or Gainesville and a clear free estimate offer.**

4 Two different phone numbers

LOW PRIORITY

WHAT WE SAW	Your homepage lists 1-844-385-9356, while the free estimate page's title shows 706-658-2643.
WHY IT MATTERS	Homeowners who see two numbers may not know which one to call, and a local number tends to feel more trustworthy.
THE FIX	**If both are yours, pick one main number to show in your ads and on the estimate page.**

Quick wins for this week

1. Fix the free estimate form and test it from a phone.
2. Add a Get Quote button to the ad.
3. Use a Meta instant form until the website form is confirmed working.
4. Make one new version of the ad with a recent local job photo.

What this review can't see

> This review uses only what's public: your ads in Meta's Ad Library and your website. Without access to your ad account, it can't check:
>
> - Cost per lead or sale, and which ads actually bring in customers
> - Whether your Meta Pixel and Conversions API are tracking leads and purchases correctly
> - Audiences, budgets, bidding and how your campaigns are structured

If you'd like help

Full Ad Account Audit

$150

With view access to your ad account: spend, results, tracking and setup, with a prioritized fix list. One-time.

Setup + Pixel & CAPI

$450

Campaign structure, Meta Pixel and Conversions API set up and tested, so every lead and sale is tracked. One-time.

Monthly Management

$950/mo

We run and improve your Meta ads every month, with a plain-English report. No long-term contract.
