FREE META ADS REVIEW

Your Facebook & Instagram ads, reviewed

Prepared for **Dr. Daniel Sluyk Cosmetic Dentistry** · Scottsdale, AZ

DATE	BASED ON	PREPARED BY
October 2026	Public Ad Library + website	Prriyankarr, BrightPeak Ads

The short version

Dr. Sluyk, your practice has an ad running since May 8, and you already have a dedicated veneer consultation page with a request form. Right now the ad sends people to Instagram and has no button, so some interested people may never reach that page. Linking the ad straight to your consultation page with a clear button is the single biggest change, and it needs no extra budget.

What we looked at

Active ads	At least 1 active ad on Facebook and Instagram
Oldest active ad	Running since May 8 (about five and a half months)
Call-to-action buttons	No button on the ad we saw
Where clicks go	Your Instagram profile
Website booking	"Schedule a consultation" buttons go to cosmetic.scottsdaleazdentist.com, a veneer page with a consultation request form
Other ways to book	Call or text (480) 367-0300; appointment form on the contact page

What we found and how to fix it

1 The ad sends people to Instagram, not to booking

HIGH PRIORITY

WHAT WE SAW Your ad in Meta's Ad Library links to your Instagram profile. Your website already has a veneer consultation page with a request form at cosmetic.scottsdaleazdentist.com.

WHY IT MATTERS On Instagram, people browse posts and often leave without taking a step. Sending them straight to the consultation page puts the request form right in front of them.

THE FIX **Change the ad's link to cosmetic.scottsdaleazdentist.com (the consultation form section).**

2 The ad has no call-to-action button

HIGH PRIORITY

WHAT WE SAW	The ad shows no button such as Book Now or Learn More.
WHY IT MATTERS	A button gives interested people one obvious action and tells Meta to find people likely to request a consultation, not just people likely to view a profile.
THE FIX	**Add a Book Now button pointing to the consultation page.**

3 The same ad has run for about five and a half months

MEDIUM PRIORITY

WHAT WE SAW	The ad has been running since May 8.
WHY IT MATTERS	The same people tend to see the same ad repeatedly. Over time fewer of them respond, which usually raises the cost of each consultation.
THE FIX	**Add one or two fresh versions using before-and-after smiles from your consultation page, and let Meta rotate them.**

4 Make the consultation details clear before people click

LOW PRIORITY

WHAT WE SAW	Your veneer page says "a $50 fee for virtual consultations will be implemented starting November 1st."
WHY IT MATTERS	People who come from an ad decide quickly. Clear details about consultation options and fees up front avoid surprises and drop-offs on the form.
THE FIX	**Mention the consultation options (virtual or in-person) and any fee in the ad text and near the top of the form.**

Quick wins for this week

1. Change the ad link from Instagram to your veneer consultation page.
2. Add a Book Now button to the ad.
3. Make one new version using a before-and-after smile photo.
4. Mention "call or text (480) 367-0300" in the ad text for people who prefer to text.

What this review can't see

> This review uses only what's public: your ads in Meta's Ad Library and your website. Without access to your ad account, it can't check:
>
> - Cost per lead or sale, and which ads actually bring in customers
> - Whether your Meta Pixel and Conversions API are tracking leads and purchases correctly
> - Audiences, budgets, bidding and how your campaigns are structured
