FREE META ADS REVIEW

Your Facebook & Instagram ads, reviewed

Prepared for **Serenity Med Spa of Georgia** · Pooler, GA

DATE	BASED ON	PREPARED BY
October 2026	Public Ad Library + website	Prriyankarr, BrightPeak Ads

The short version

Serenity Med Spa of Georgia has 2 Facebook ads running since August 8, and already has online booking, which many med spas don't. Right now neither ad sends people to that booking page: one asks them to call, and the other goes to your Facebook page. Pointing your ads at online booking, and making sure that page clearly shows the Serenity name, are the two biggest wins.

What we looked at

Active ads	2 active ads in Meta's Ad Library, both started August 8, 2026
Ad 1	8-second hormone optimization video with a Call Now button (912-561-6040)
Ad 2	Short text, "Serenity Med Spa of Ga located in Pooler GA," linking to your Facebook page
Website booking	Online booking: every Book Now button goes to app.elationemr.com/book/primecareofga-medicine
Booking page	Our tools couldn't open the booking page, so we couldn't see what it shows
Other ways to reach you	Contact form, (912) 561-6040, info@serenitymedspaga.com; open Mon to Fri, 8 AM to 12 PM and 1 PM to 5 PM

What we found and how to fix it

1 Send your ads to online booking, not just calls or your Facebook page

HIGH PRIORITY

WHAT WE SAW	Your hormone video ad uses a Call Now button, and your second ad links to your Facebook page. Your website already has online booking: every Book Now button goes to the same Elation booking page.
WHY IT MATTERS	Ads that send people to the homepage or the Facebook page add steps, and each step loses people, especially on a phone. A Book Now button also tells Meta to find people likely to book.
THE FIX	**Add a Book Now version of the hormone ad linked to the booking page and keep the call option in the text. Replace the Facebook-page ad with one that names a treatment, says who it's for, and uses Book Now.**

2 The booking link uses a different name

MEDIUM PRIORITY

WHAT WE SAW	The booking address is app.elationemr.com/book/primecareofga-medicine. The homepage doesn't explain the PrimeCare of GA name.
WHY IT MATTERS	Someone who clicks a Serenity Med Spa ad and lands on a page with another name may think they're in the wrong place and leave.
THE FIX	**Open the booking page on a phone. If it shows PrimeCare instead of Serenity, add a short line such as "Bookings are handled through PrimeCare of GA", or ask Elation to show your spa's name.**

3 Calls outside office hours go unanswered

LOW PRIORITY

WHAT WE SAW	Your hormone ad asks people to call 912-561-6040, but your website lists hours of Monday to Friday, 8 AM to 12 PM and 1 PM to 5 PM, closed weekends.
WHY IT MATTERS	Ads keep running in the evenings and on weekends. People who call then may book elsewhere.
THE FIX	**Give people a way to book when the phone isn't answered: a Book Now button, plus an automatic reply on the contact form and Messenger that says when you'll respond.**

Quick wins for this week

1. Add a Book Now button linked to the booking page on the hormone ad.
2. Replace the Facebook-page ad with a treatment-specific ad that has a clear offer.
3. Open the booking page on a phone and confirm it shows Serenity Med Spa.

4 Mention "Book online anytime" in the ad text.

What this review can't see

> This review uses only what's public: your ads in Meta's Ad Library and your website. Without access to your ad account, it can't check:
>
> - Cost per lead or sale, and which ads actually bring in customers
> - Whether your Meta Pixel and Conversions API are tracking leads and purchases correctly
> - Audiences, budgets, bidding and how your campaigns are structured
